Sri M. LINGANNA.—Do the Government intend inquiring and giving liberal promotions to the students, Sir ?

Sri Kadidal MANJAPPA.—If rules have been infringed we can interfere and set right matters, but if there are no cases of infringement of rules, we cannot interfere.

Sri M. LINGANNA.—Does not 40 per cent or 50 per cent of failure indicate the untimely conducting of examination ?

Sri Kadidal MANJAPPA.—It reflects upon the performance of the students.

Sri M. LINGANNA.—Are the Government aware that the time given to students to study for examination was too small a period and that they could not read almost all the text books in view of the fact that Education Reforms were inaugurated on the 30th January ?

Sri Kadidal MANJAPPA.—The students were expected to study from the commencement of the academical year.

Sri M. LINGANNA.—Is it not a fact that the examinations were conducted two months earlier than the usual time ?

Mr. SPEAKER.—That is a known fact. You can approach the concerned man and get the necessary information.

Sri M. LINGANNA.—My point is, time being very short the examinations were held three months earlier than the usual time ; it is a matter for the Government to consider, Sir.

Sri Kadidal MANJAPPA.—We will enquire into the matter.
